

PARTNERS GROUP GLOBAL VALUE FUND

Monthly report as of 30 April 2024

Unit price stability in April amidst volatile markets

- Positive revaluation of Galderma and Confluent Health
- Distribution from the sale of Civica

In April, the unit price of Partners Group Global Value Fund decreased slightly by 0.1% amidst a volatile environment whereby public markets decreased by -3.3%. The relative outperformance highlights the quality of the Fund's portfolio companies, which continued to deliver earnings growth, even as market multiples declined.

One of the largest positive contributors over the month was Galderma, a Switzerland-headquartered pharmaceutical company specializing in dermatological treatments and skin care products. In April 2024, the company's valuation increased due to its share price development. Having completed its IPO on the SIX Swiss Exchange the month before, Galderma announced towards the end of April that net sales grew by 12% year-on-year to USD 1.1 billion for the first quarter of 2024, while providing guidance of 7-10% sales growth for the year on the back of exceptionally strong growth in the Asia Pacific region.

Moreover, the valuation of Confluent Health, a US-based healthcare company focusing on physical & occupational therapy, was written up in April 2024 on the back of earnings growth driven by continued volume expansion, a commitment to clinic efficiency, and contributions from recent tuck-in acquisitions. Confluent continues to execute on its acquisition strategy, most recently partnering with Access Physical Therapy & Wellness (Northeast US) and Lone Peak Physical Therapy (Midwest/Western region), both of which represent highly strategic acquisitions, expanding Confluent's ability to drive access to quality healthcare across physical & occupational therapy, pelvic health, and hand therapy.

In April 2024, the Fund received substantial proceeds from the sale of Civica, a UK-based global provider of cloud software solutions for the public sector, to Blackstone. Since Partners Group's initial investment in 2017, Civica has grown into one of the largest software companies in the UK and a global leader in software for the public sector, with EBITDA nearly doubling. Civica's software is used by over 6'200 public sector customers for the running of essential government functions across four verticals (local government, healthcare, education, and central government), enabling improved delivery of services to citizens while reducing costs and boosting revenue and productivity.

The recent IPO of Galderma, the sale of Civica and the announced exit of SRS Distribution are strong indicators of the increasing distributions from the portfolio, which strengthen the Fund's liquidity and enhance its ability to pursue new attractive investments. These examples further highlight the attractiveness of the Fund's mature portfolio of high-quality companies, with several expected exits in the near term.

PARTNERS GROUP GLOBAL VALUE FUND

Monthly report as of 30 April 2024

Partners Group Global Value Fund is an Australian unit trust with the objective of achieving capital growth over the medium- and long-term by investing in private equity. It provides investors with a broad diversification across geographies, financing stages and investment types, while using Partners Group's relative value investment approach to systematically overweight those segments and investment types that offer attractive value at a given point in time, in order to significantly enhance risk-adjusted returns. The Fund allows investors to subscribe and redeem shares on a monthly basis, thus avoiding the long lock-up periods common in most private equity funds. The Fund may hedge certain currency exposure to reduce the risk of foreign exchange movements. The Fund is a feeder fund that invests in Partners Group Global Value SICAV ("Underlying Fund"). The Fund will invest in an AUD denominated share class of the Underlying Fund.
